SERVICES SUMMARY

Call (412) 906-ZERO or e-mail energy@zerofossil.com to discuss and customize a free quote for your event.

Sustainable Energy Solutions

ZeroFossil is a local sustainable company located in Munhall, PA. Our team is dedicated to incorporating sustainable initiatives across all of our equipment and practices, including vehicles, facilities, and services provided.

Event Production

We apply our custom equipment to events in Pittsburgh and beyond. Professional event services pair with environmental impact reduction to create a sustainably-oriented wedding, festival, or community function. Full scale production services include event management, power distribution, sound, lighting, staging, and educational interactives, powered by our renewable energy generators.

Custom Fabrication & Off-grid Installations

We design and manufacture much of our own equipment-- and yours. If you have a dream project, we want to make it happen utilizing in-house means and materials sourced from local sustainable partners. Bring your plans or seed idea to ZeroFossil, and we will work to fulfill the needs of both you and the planet.

SOLAR GENERATORS

Our primary choice of power generation. Our solar generators emit zero noise, zero fumes, and are the ideal choice for lighting and sound reinforcement. They generate power during the daytime, but keep the party going well into the night with internal batteries. Solar generators start at **\$100 per day**.

Juicebox
(Light Loads)

JB2i
(Light/Medium Loads)

JB12
(Light/Medium Loads)

Electric Vehicle
(Light/Medium Loads)

POP
(Heavy Loads)

BIODIESEL GENERATORS

Looking for a traditional style generator instead? Our generators pack the power, but run on biodiesel or straight veggie oil (burns 95% cleaner than diesel fuel). Bonus: They're much quieter than the alternative. Biodiesel generators start at **\$250 per day**.

Zero Fossil also provides accompanying:

- Distribution expertise
- Feeder cable
- Distribution panels
- Extension cord (miles of it!)

DID YOU KNOW? ZeroFossil collects and processes biofuel from local bars, restaurants and churches—Repurposing waste!

MOBILE SOLAR STAGE

Fully solar powered, the stage's roof canopy is made from super thin solar panels. With a large lithium battery bank under the deck and dual 3,000 watt inverters, this stage can play anywhere and anytime from the sun. **\$2,000 per day.**

NEED SOMETHING BIGGER?
ZeroFossil has access to
additional premium mobile staging
for nearly any size event!

MINI mkrSTAGE

High Production Value, Low Production Costs.

Lightweight and robust, this personal stage can be setup in 30 minutes anywhere, yet breaks down to fit in the trunk of a car. The 8'X8' performance space is great for all types of artists, DJs and presenters. Starting at **\$250 per day**.

MINI mkrStage
(8'x12')

NEED SOMETHING BIGGER?
Need more space? Ask about
extending the size to 8'X12' for
larger groups and a larger
presence!

MINI mkrStage
(8'x8')

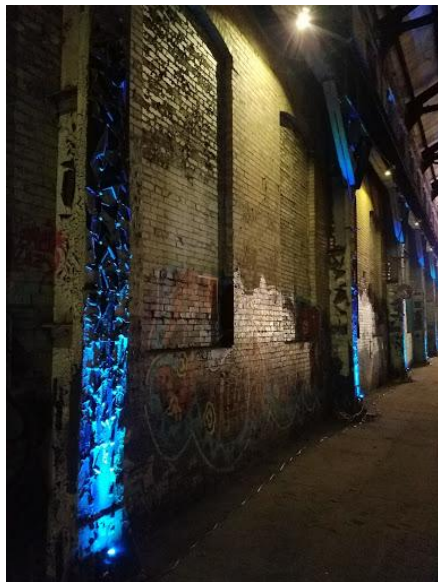

SunSpot PHONE CHARGING

A ZeroFossil Original: Free-standing solar kiosk with 4 multitap USB connections (16 outputs). Help your guests power up during a long day and get home safely. Rental cost for a Sunspot is **\$250 per day** or **\$500 per day** with custom branding options.

CONTACT US to see how you can access a free charging station for your event! SunSpot seasonal rentals also available.

LIGHTING

ZeroFossil offers a wide range of interactive displays designed to educate and entertain the public at your event. A staff member will set up and monitor each interactive while describing the science and sustainability at play. Rental costs for Hand-crank and Bikerator Interactives start at **\$150 per day**.

INTERACTIVES!

Bikerator

- Dueling Water Cannons
- Blender/ Smoothies
- Bikerator Water Fountain

Hand Crank

- Light Bulb Demo
- Misting Fans
- Blender/ Smoothies

Solar Powered Interactives

- Solar Water Fountain
- Solar Bubbles!

SPONSORSHIP OPPORTUNITIES & CUSTOM BRANDING

Want to show the crowd your commitment to going green? Sponsor ZeroFossil and we'll deck out our equipment with your brand and logo for all to see. **Contact us about how we can help your company stand out!**

RENTALS

ZeroFossil offers a range of rental systems for virtually any event or occasion. From pop-up parties to large festivals, we can supply clean sustainable energy for use day or night through our solar generators. No fuel, no fumes, no noise, no hassle. If you need help organizing an event, ZeroFossil can assist in full production services as well. Let us supply your event with sound, lighting, and entertainment.

Power

Weekend in the woods? Picnic with no power? Ask about renting a JuiceBox for your off-grid needs!

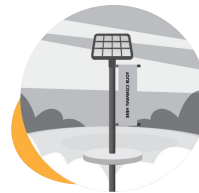

Rental pickups **\$100 per day**
Weekend rates available.

Staging

Ask about a tricked out mkrStage rental package!

Package starts at
\$500 per day

Accessories

Phone charging stations, cafe lighting, solar powered cooling/misting, solar bubble machines!

Prices vary

WEDDINGS

Your wedding is going to be incredible. Keep the love going! Celebrate surrounded by sustainable sound and lighting, or plug your amenities into a solar or biodiesel generator. Feeling extra romantic? Host your toasts and talent on the world's only mobile solar stage. See related brochure pages for details. **Prices Vary.**

SCHOOL PROGRAMMING

ZeroFossil goes to school! As part of an initiative to share sustainability with those for whom it matters most, ZF offers both in-class and assembly-style sustainability and energy programs. Curriculum is designed in accordance with the Next Generation Science Standards (NGSS), but can be adjusted to fit the needs of any teacher or classroom. **Prices Vary.**

In-class

40 min | 30 Students max

Includes setup (40 min), teardown (40 min), and one complete session.

Assembly

1 hr | 250 Students max

Includes setup (1 hr), teardown (1 hr), and one complete session.

Large Assembly - Energy Carnival

1 hr | 500 Students max

Includes setup (1 hr), teardown (1 hr), and one complete session.

SPECIALTY INSTALLS

Whether you are seeking a helping hand or comprehensive project management, ZeroFossil's experienced technicians are ready to turn your solar dreams into reality. ZF specializes in off-grid installations, which are tailored to each site and each client's needs. Past projects include solar-powered/assisted: outdoor trail lighting and spotlights, food trucks, and fountains (pumps). **Prices Vary.**

BOOKING DETAILS

We hope our brochure has offered you an understanding of our company and capabilities. We acknowledge that every event is different and special to you, and we take that into consideration with every production. We are a local business that loves working with local individuals and communities to create amazing events from the ground up. ZeroFossil was started on friendly, collaborative relationships and we aim to expand those connections with every event we produce. Our booking criteria and contact information is as follows:

- Please make us aware of your event as soon as possible. **We require a 1 month notice for average productions and 3 months or more notice for larger productions.** Getting you on our calendar is the first step of the planning process!
- **A 50% deposit is required to reserve your date fully on our calendar.** This will be 50% of the total quoted invoice for the event. The remaining balance is due by the start of the event. A contract of deliverables with setup, strike and other event details will be provided with the deposit invoice. A signed contract is required before staff may arrive on-site.

Thank you for supporting a local sustainable business.
We only leave footprints and good memories behind.
